

**Peter Uhlein, First Round 65 (-6)**

Q. How would you assess your start?

A. I hit it really well at the start, didn't finish as well as I would've liked, but overall I feel pretty happy. I got off to a hot start, I holed a few long ones but in the main I was hitting it pretty close and knocking the putts in. So it was ideal.

Q. We've seen you come close to magical figures in the past, was that in the back of your mind after that start?

A. Not really, you can't afford to get too carried away or allow your mind to wander early in a round, because there's still so much golf to be played. You just need to stick to the same processes that got you in that position in the first place.

Q. How are you after the wrist injury?

A. It still hurts a little bit, I tore the tendon and eventually they're going to have to cut the wrist open, which isn't great. But at least it should hopefully cure it. For the meantime, I just have to strap it up and try to protect it as best I can. I've been having cortisone injections to ease the pain, and I've been told I can't do any more damage by playing, so there's no reason to stop.

Q. I hope the injury wasn't caused by the Dude Perfect video?

A. No, it was caused by hitting it in the rough too many times!
