#### **Thongchai Jaidee (Tha) – First Round 66 (-5)**

I didn't have good drives but my putting helped me. I had two long putts (25 yards on 9 and 17 yards on 17). I was bogey free and I felt very confident on the greens. I holed a lot of putts but struggled on the tees.

I have no complaints with my round. I'm very happy with my score. If you hit on the green, you will have a good chance to score. I like the green speeds, it suits me.

I like the course a lot. It is not a long course but it is very important to find the fairways. I didn't find many fairways but I managed to recover nicely and return with a good score.
