

**Jorge Campillo, Second Round 69, aggregate total -8**

Q. How do you assess today's round?

A. It was OK, I didn't play that well compared to yesterday, but I still managed to shoot a good score. I didn't drive the ball very well, so I missed a few fairways and also missed a few short putts. But I also holed a few long ones, so it probably evened itself out overall.

Q. It's the sort of course where you have to be patient, isn't it?

A. Yes exactly, especially on the greens, because they can be quite tough to read. But I stayed pretty patient for the most part, so I'm quite happy with the mental side of things.

Q. Did it make any difference playing in the morning rather than the afternoon?

A. No not really, the conditions were pretty similar.

Q. Is it exciting to see your name up near the top of the leaderboard?

A. Yeah it's pretty exciting, when I looked up at the board on the 17<sup>th</sup>, I saw that I had the chance to take the lead. But I missed the birdie putt, so maybe I shouldn't have looked after all!

Q. You looking forward to the weekend?

A. Yes for sure, it's always good to have a chance going into the last two days. I feel confident on this golf course, I like it. I'll need to play better to have a chance of winning though.
