

## Maybank Championship 2017 Round Two

### Matteo Manassero

"It was a good round, I played very well. Obviously the greens are better in the morning so you can execute the birdie chances you've got. It was very calm with not much wind, not more than five yards of wind.

"So it was scoreable and I played well so it was a good morning. The main difference was definitely on the greens. I played the par fives well today and holed a few putts. I think everybody has enough experience to be on top here and stay on top.

"If you play well after two rounds there is no reason why you shouldn't stay there over the weekend. Of course, I like this place and I'm going to bring that into the weekend and hopefully that's going to keep me up there."
