**Miguel Tabuena (Phi) – Third round 69 (-2), Total -10 (203)**

How do you reflect on today's round?

I got off to a good start, I was two under after two. But I didn't like how I finished the round. I finished weak and that's not how you win tournaments. You have to come out clutch and make birdies in the last few holes. Hopefully I will do that tomorrow.

In saying that, are you disappointed or satisfied with the round?

I'm still satisfied with my position. I'm still in position to win and that's where you want to be. Hopefully I can get off to a good start tomorrow and keep it going.

Talk about the start?

I got off to a pretty good start. I was putting really well and it kind of slowed down a bit on the back nine. Hopefully I can make some clutch putts tomorrow and come out on top. I'm feeling much better. Hopefully I can be 100% tomorrow. But I have 100% confidence for tomorrow.

Did winning the Philipping Open in December give you a lift?

Yes it has. Winning against the best in Asia really help boosted my confidence. It showed that I can compete against the best and come out on top especially in front of my home crowd which is more difficult than anywhere else. That win and the fourth place finish in the Singapore Open really boosted my confidence.

What do you think you need to do tomorrow?

It'll help that I'm not in the last group. It takes some of the pressure off. I just have to come out strong from the start and that's how you win tournaments. You can't put the brakes on or else people will just chase you down.

Have you played with Soomin Lee previously?

First time I'm playing with him. He's a really good player. He's got all the shots to win a golf tournament and he putted really well today. I wish him all the best for tomorrow.
