Nicholas Fung (Mas) – Final Round 69 (-2), Total 278 (-6)

I struggled on the first two days but I made the cut and finished on -6. I'm happy with the result. I knew this course isn't easy so I'm happy. I was five-under through 11 holes but I had three bogeys over the last four holes. I think I felt tired and lost focus. I was thinking too much about my position as well. I had four birdies in a row early in the round so I thought I could come back on -10! It has been a positive week.
